# Disinfecting Strategy & Services

**SLIP (Safety, Loss & Illness Prevention) - Help's management team has over 35 years of EHS and OSHA experience to provide your organization with a Disinfecting Strategy and Service to help you protect your employees from today's CoVid-19 Pandemic.**

## COVID-19 PANDEMIC

Coronaviruses (CoV) are a large family of viruses that cause illness ranging from the common cold to more severe diseases such as MERS and SARS. The coronavirus COVID-19 is a respiratory virus which spreads primarily through contact with an infected person through respiratory droplets generated through saliva or discharge from the nose, for example, when a person coughs or sneezes.

**According to the CDC and WHO,** preliminary information suggests the virus may survive a few hours or more on surfaces.

**According to the CDC and WHO,** hospital grade disinfectants can kill the virus on surfaces making it no longer possible to infect people.

## OUR SERVICES

SLIP-Help utilizes hospital grade disinfectants with claims against similar pathogens to the Coronavirus. SLIP-Help will work with your management team to determine the disinfectant method/technique per area to mitigate damaging electronic equipment, contaminating products, inventory and/or compromising packaging. Our treatment includes the disinfecting of both porous and non-porous surfaces including but not limited to:

### **Restaurants, Bars, Public Facilities**

- Product Fill and Packaging Lines including Control Panels
- Warehouse, Shipping and Receiving Areas to Include Daily Receiving Procedure
- Employee Entrance/Exit and Time-Clock Areas
- Washrooms/Locker Rooms
- Break/Mean/Vending Areas
- Offices/Cubicles/Conference Rooms/
- Office Storage
- Laboratories/Testing/Quality Control Areas
- Forklifts and Other Commonly Shared Machinery

SLIP-Help will be available to work any-and-all hours/shifts, so you don't have to stop production.

SLIP-Help will incorporate and work in accordance with all your ongoing safety policies and protocols in each of the identify areas.

SLIP-Help can provide a one-time service or an ongoing disinfecting schedule.
